1 category of service. So they're very high-level
2 reports where things are kind of rolled up for a
3 total of dollars spent during a certain period of
4 time.

5 Q. Does DHHS ever receive reports that
6 compare paid CFI claims against authorized CFI
7 services?

8 A. So there are no standard reports that
9 do that. I have done that through ad hoc queries,
10 and I produce a report that does that.

11 Q. When is the last time you received --
12 well, first of all, how do you decide to do an ad hoc
13 query for that information?

14 MR. ZORACKI: Object to the form.

15 THE WITNESS: I, in the past, have been
16 requested to do that by my boss, Wendy Aultman, or
17 Kristina Ickes for CFI services. One of the earlier
18 reports I had done with that information -- it was
19 rolled out by service -- was actually for a budgeting
20 exercise, and that was in August of 2020; and since
21 that time, I have kind of run that report on a
22 quarterly basis.
